REASONS FOR ALLOWANCE

1. Claims 8-19, and 21-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: The examiner agrees with those arguments presented by applicant. In particular the applicant now requires that the vessel contain a delivery head that has a capacity for flow rates in the claimed conditions of gas and liquid pressures in this specific volumetric ratio. Furthermore, the requirement that the vessel create specific back pressures was also not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).
